

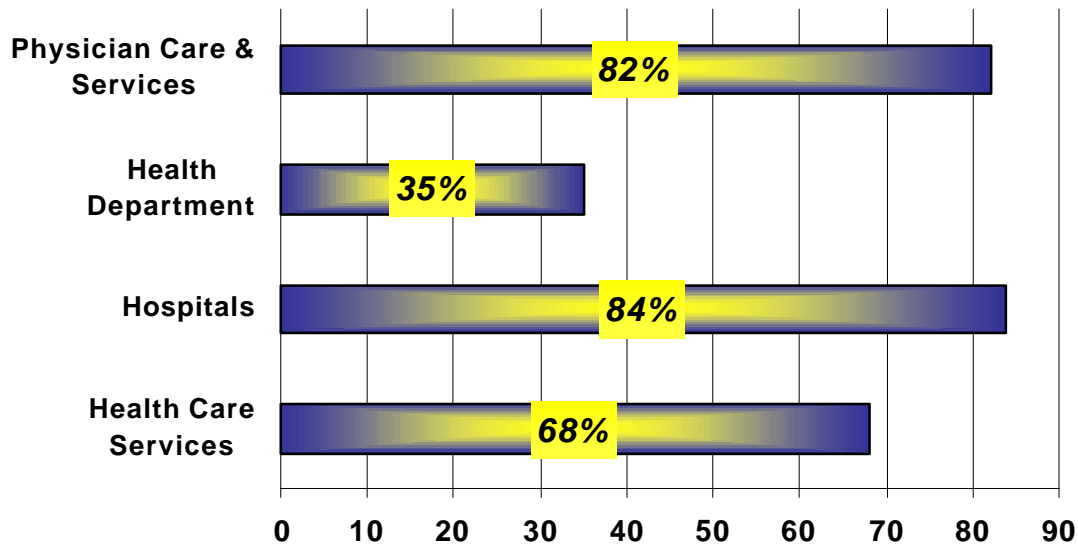

Chart 8
Town Meeting Community Stakeholders Survey
Community Health Care Services Satisfaction
% Responding Very Satisfied or Satisfied

As in the previous two surveys, data that concerned the Community Health Initiative were the ratings of “Not Adequate” in the community health services category. The top five services that were ranked as available but not adequate in the Town Meeting Survey included nursing home care, elderly meals, child abuse and neglect services; alcohol and drug treatment, and mental health services (Chart 9).
